Competency Based Interviewing Skills Training Course

Introduction

Competency is defined as a set of skills, knowledge and behavior that enables an individual to perform a task or action effectively. Any job be it small or big needs a specific kind of skill to perform and achieve the best results. One cannot perform a job without knowing the skills required for the specific job profile. These skills can be learned at any point of time.

Having a clear picture of competencies can help individuals excel at what they do and it, in turn, benefits the organizations to hire the right fit and grow exponentially. A mutual win-win deal.

This Xcelerate Training Institute Competency Based Interviewing Skills Training Course helps the organization select the right candidate by aligning the interviewing process towards the competencies that are quintessential to successfully perform on the job.
