Effective Communication Skills

Introduction

Course Overview

We conduct training courses in Communication Skills over two integral areas – Written and Spoken communication. This course exclusively caters to Effective Communication Skills in Spoken English and is an Advanced Level Training Course.

Any organization looking to position themselves strategically on the global market will know better than to ignore the importance of effective communication skills by their representatives. A single interaction has the potential to make or break a business opportunity, land a million-dollar contract or cause a loss of clients altogether.

In fact, any organization looking to grow their own brand must invest in the communication competency of their people. At Xcelerate Training Institute, we have conducted several training programs over the last decade on effective communication skills, and the rewards have been out of this world! Our client testimonials will tell of how this course has helped individuals and teams gain tangible success in their functional ability at the workplace.

It has been globally observed that candidates who can express fluency in communication through a flawless register stand a higher chance of a promotion, winning a new project and taking their brand to greater heights.

Through this course, we aim to help each participant build on their communication strengths and learn new and interesting techniques to add to their skillset. We also provide personalised and constructive feedback to each participant making the learning from each module valuable and lasting.

This Xcelerate training course will empower you to become an advanced communicator at your workplace. Through this course, you will be able to apply the skill of presenting your message in a way that others will appreciate.

You will learn the elements of communication and be able to flex each one to meet your objectives. By ensuring the application of all the aspects integral to effective communication, you will always stand in line for success.

The information and practice gained through this course will help you bridge the gap in your current verbal skills. You will resultantly be better positioned to contribute to your organization through your improved communication with internal and external customers.
