Portfolio Management

Introduction

The portfolio is a collection and assortment of projects, programs, subsidiary portfolios, and operations that are managed as a group to accomplish strategic objectives. Portfolio management is aligned with organizational strategies.

Portfolio Management is very critical for an organization and has objectives to achieve:

- Monitor organizational investment decisions
- opt for the ideal mix of programs and projects to meet strategic objectives
- Enhance the possibility of achieving the desired return on investment
- Consolidate the management of the aggregate risk profile of all components

This Xcelerate training course will enhance your knowledge about Portfolio Management related to projects. This course is designed to cover all the facets of projects and project management from the beginning to closing out of the project.

Learning Objectives

The key objective of this Portfolio Management training course is —

- Familiarize with the concepts of a Portfolio
- The relevance of a Portfolio to the strategic objective of the organization
- Acquire the knowledge areas related to Portfolio Management
- Portfolio management assures that there is no gap between the strategy and the implementation
- Proficiencies to realistically steer the portfolio management discipline, including all domains, concepts, processes
- Introducing best practice portfolio management tools and techniques which can be applied in their organizations
- Portfolio Manager’s capabilities to manage multiple portfolios to help their organization achieve its strategic goals and vision
- Methods of Forecasting the Portfolio and Project cost
- Discovering the methods of identifying risks, analyzing them, and managing the same

Training Methodology

Xcelerate Training Institute appoints highly proficient trainers from relevant spheres to deliver the training through audiovisual presentations.

Participation in group activities and assignments, role-plays, and case study discussions is integral to the training program.

Xcelerate Training Institute follows the Do–Review–Learn–Apply Model.
