Recruitment, Interview and Selection Training Course

Introduction

Introduction

Human Resource Planning is one of the most important and critical aspects for any organization. It involves a high level of risk and benefit for the organization.

The future of any organization depends on the people working in it and impacts culture and branding. So, the Recruitment, Interview and Selection must be done right. While right people can lead to astounding results, wrong one's can break your back.

Recruitment is the core of any organization. It involves inviting, advertising, screening, shortlisting, selecting, and onboarding of an employee. It is a remarkably interesting as well as a costly process. It is especially important to understand the right competencies required for the business.

This Xcelerate Training course will empower you to identify the difference between Recruitment, Interview and Selection. And learn how to get the whole process right with optimal efforts and investment.
