MBTI Personality Assessment Training Course

Introduction

Introduction

MBTI is a globally used psychometric tool which helps people in understanding their personality in a better way. MBTI stands for ‘Myers Briggs Type indicator’. This instrument is based on ‘Theory of Personality’ developed by Swiss psychiatrist Carl Jung.

Two Americans, Myers and Briggs further studied Carl Jung’s theory of personality and developed this instrument/tool. The MBTI assessment makes Carl Jung’s theory of psychological type both understandable and highly practical by helping individuals identify their preferences in four areas (Extroversion or Introversion, Sensing or Intuition, Thinking or Feeling and Judging or Perceiving).

This MBTI course by Xcelerate Training Institute will provide you with deep knowledge about various key aspects of the MBTI instrument. It will help you understand your personality type, key characteristics of your personality type and also characteristics of various other personality types.

It will increase your self-awareness by helping you identify your strengths and also improvement areas. The overall knowledge of the tool will offer you a lot of flexibility & variety to your behavior while dealing with any situation. Thus, it will help you in becoming a better person and professional.
